## PROFILE

User-focused Front-End Developer with a pixel-perfect eye for design and a deep understanding of usability goals, great experience in building and maintaining scalable, responsive, well-documented websites and web applications.

I enjoy learning and constantly evolving, keeping abreast of new trends and best practices in software development.

A problem solver who is passionate about design, and committed to translating powerful ideas into beautiful, functional design solutions and everyday business values.

## WORK EXPERIENCE

### **Front-end Developer, 2023 – Present**

Tanta Innovative Limited

- Translating designs and wire-frames into high quality code with Next.js, Chakra UI, Styled Components.
- Worked closely with the back-end developers to integrate UI components with APIs and data-bases.
- Optimizing components for maximum performance across a vast array of web-capable devices and browser.
- Worked with various teams to create and maintain digital experiences for multiple company products.
- Proactively resolved bugs and glitches while continuously striving to improve the user interface, resulting in a smoother and more intuitive user experience.
- Exercised strong technical leadership skills by providing guidance, direction and support to team members, fostering a collaborative and productive work environment.

## **Front-end Developer, 2022**

The Bulb Africa

- Converting Mock-ups to actual code with TypeScript, Material UI, Styled Components, Tailwind CSS, Fetching, consuming APIs, and use of state management tool, Redux.
- Write clean, well-documented code with appropriate comments to facilitate ease of maintenance and collaboration.
- Designing a modern highly responsive web-based user interface.
- Actively participated in code reviews, providing constructive feedback and implementing best practices to drive code quality and maintainability.
- Continuously sought professional growth by staying up-to-date with the latest industry trends, technologies and best practices, fostering a culture of continuous learning and improvement within the team.

## **Front-end Developer, 2020-2021**

Freelance

My website

- I built my Personal portfolio using React, Tailwind CSS, Material UI, React icons and AOS animation.
- It is a one-page website that has a dark theme and user-friendly, seamless and responsive on any given device.

Docre Blog

- I built a blog website using React, CSS, RESTFUL APIs, Axios, Node.js, MongoDB
- I implemented the use of React-router as a means of navigation, and fetched data using Axios.

## **TECHNICAL SKILLS**

Expert in HTML & CSS, JavaScript, React.js, Next.js, Vue, Redux, TypeScript, Tailwind, Sass, Material UI, Bootstrap, Node.js, MongoDB, PostgreSQL, Git, Figma, Chakra UI, WordPress.

## **EDUCATION**

- **Bsc. Architecture** 2015  
Covenant University, Ota Ogun
- **West African Senior School Certificate Examination** 2010  
St. Thomas Secondary School, Airport Road, Kano State.
