PROFILE

User-focused **Front-End Developer** with a pixel-perfect eye for design and a deep understanding of usability goals, with great experience in building and maintaining scalable, responsive, well-documented websites and web applications.

I enjoy learning and constantly evolving, keeping abreast of new trends and best practices in software development.

A problem solver passionate about design, committed to translating powerful ideas into beautiful, functional design solutions and everyday business values.

WORK EXPERIENCE

Front-end Developer, 2025 – Present

Almond Careers - Training, Consulting

· Designed and implemented the UI and API integrations for Almond Careers CRM using Next.js, Typescript, React Hooks, and Redux toolkit, enabling the organization to manage interactions with customers and potential clients, ensuring the interface is intuitive, seamless, and easy to use.

Front-end Developer, 2024 – 2025

Javaplus Innovation Limited

· Translating designs and wire-frames into high-quality code with React.js, Nextjs, and Tailwind CSS. To create interactive web applications. These applications include features such as dashboards, transaction management, account setting, and more.
· Worked closely with the back-end developers to integrate UI components with APIs and databases, ensuring smooth and seamless data flow and functionality.

Front-end Developer, 2023

TechProsNaija

· Translating designs and wire-frames into high-quality code with React.js, Tailwind CSS, and Styled Components.
· Proactively resolved bugs and glitches while continuously striving to improve the user interface, resulting in a smoother and more intuitive user experience.

· Exercised strong technical leadership skills by providing guidance, direction, and support to team members, fostering a productive work environment.

Front-end Developer, 2023

Tanta Innovative Limited

· Designing a modern highly responsive web-based user interface.
· Actively participated in code reviews, providing constructive feedback and implementing best practices to drive code quality and maintainability.
