SUMMARY

Innovative Front-End Developer with 5+ years of experience crafting pixel-perfect, responsive web applications. Skilled in translating complex product requirements into intuitive user interfaces, optimizing application performance, and collaborating across cross-functional teams to deliver impactful digital solutions.

EXPERIENCE

Front-End Developer

Tsari 360 Consulting

2025 – Present, Abuja, Nigeria

- Developed and launched Njoy, a Progressive Web App (PWA) using React, TypeScript, and Tailwind CSS, supporting 1,000+ active users with offline accessibility features.
- Led frontend implementation for Growit, a mobile-first digital marketplace focused on MSME growth and financial inclusion.
- Built merchant storefronts, inventory management, order flows, and consumer shopping experiences.
- Upgraded and migrated the application to a newer React version, resolving dependency conflicts, improving performance, and modernising the codebase for long-term maintainability.
- Improved application performance through reusable UI components, optimised state management, and frontend architecture enhancements.

Front-End Developer & Software Tester

Almond Careers

2025, London, Canada Water

- Built CRM UI with Next.js, TypeScript, and Context API, improving client management efficiency by 30%.
- Led UI implementation and API integrations for Chartered Institute of Project Managers of Nigeria's application portal and CRM, reducing processing time by 25%.
- Collaborated with stakeholders to define test cases and improve QA processes.
- Created test cases, automated test scripts, and QA workflows using JavaScript and Page Object Model architecture.

Front-End Developer

Javaplus Innovation Limited

2024 - 2025, Lagos, Nigeria

- Built financial dashboards with React, Typescript, Tailwind CSS, Redux toolkits and Chakra UI, handling 10,000+ monthly transactions.
- Worked closely with the back-end developers to integrate UI components with APIs and databases, ensuring seamless data flow and achieving 99.8% API success rate.
- Refined user interface elements by applying accessibility standards and responsive design principles, elevating user satisfaction across desktop and mobile platforms.

Front-End Developer

Tanta Innovative limited

2023, Lagos, Nigeria

- Implemented responsive UIs with React and Styled Components.
- Reduced UI bugs by 40% through proactive debugging and code optimization.
- Mentored junior developers in code reviews and best practices.

Front-End Developer

The Bulb Africa

2021 – 2023, Lagos, Nigeria

- Translated Figma designs to React, TypeScript applications with Redux state management.
- Continuously sought professional growth by staying up-to-date with the latest industry trends, technologies, and best practices, fostering a culture of continuous learning and improvement within the team.
